

BlueWalker GmbH announces compatibility of their PowerWalker UPS with ASUSTOR NAS.

EN

Neuss, Germany, October 29, 2013

In close cooperation with ASUSTOR Inc. Taiwan a direct compatibility has been established between ASUSTOR NAS systems with firmware ADM 2.0.2 or higher and PowerWalker UPS.

All mentioned product and company names are proprietary names or trademarks of the respective manufacturers

Connected PowerWalker UPS is automatically detected by the ASUSTOR NAS and visible from the "External Devices" App under Tab "UPS". Easy to install backup against all power events to protect your equipment and secure your data.

With almost 100 models PowerWalker provides a great variety of different UPS sizes, techniques and connectors suitable for almost every application.

Power Walker, your reliable protection!

All mentioned product and company names are proprietary names or trademarks of the respective manufacturers.
